

## ABOUT US

For Centuries, weary travelers have found their way to the springs of Salado Creek.

Tonkawa Tribes after a hunt, cowboys dusty from the trail, and students from Old Salado College, all found respite near the water's edge.

Even these days, weary travelers take the exit to Main Street to refresh and recharge.

Step back into a storied past. Two-step to live music under the stars or simply step barefoot into the creek.

Go ahead...take the Exit.

**It's all here!!**
